

In our office in Enschede, The Netherlands we on a regular base offer bachelor and master students in business and/or engineering, computer science et cetera

Internships / student assignments / part-time projects

Opportunities can be:

- Working with our engineers on products and projects - hardware and software.
- Join the marketing team and grow the ONE FOR ALL brand on a global level in the e-tail and retail channel.
- Work together with our team in supply chain – logistics, purchasing or order desk.
- Become part of the customer journey by offering service to consumers in our customer support team.
- Join our colleagues in finance & accounting, IT or HR team.

Why you should join:

At Universal Electronics, we create smarter living – where technology is your friend and not an obstacle. You can work on interesting real-time projects. At UE we have a true passion for innovation and technology. Those passions resonate worldwide throughout all of UEI's locations with talented innovators, engineers and designers. Team members are focused on improving the user experience while solving industry and consumer challenges.

UEI offers talent the opportunity to develop oneself and grow both horizontal or vertically throughout the global organization. We have offices in multiple locations worldwide like California - USA, Hongkong, Bangalore - India and Enschede - the Netherlands.
